For Immediate Release

Scannx Leads the Way Transforming Libraries with Cutting-Edge Book Scanning Solutions at TLA 2024

April 9, 2024 – (Pleasanton, California) – ScannX®, the leading developer of cloud-based book scanning solutions for libraries, today announced that it will exhibit in **Booth #2906** at the **Texas Library Association (TLA) 2024 Annual Conference**, held at the Henry B. Gonzalez Convention Center in San Antonio from April 16-19.

Experience Transformative Book Scanning Solutions In Action

ScannX invites TLA 2024 attendees to visit booth #2906 for a live demo of their award-winning book-edge and overhead book scanning solutions. Attendees at the ScannX booth can enter a drawing to win a Scannx OS1800 overhead scanner with translation services and handwriting recognition FREE for the first year (may cancel at the end of the year or renew at $199/year for unlimited use). Attendees can also meet the ScannX team and learn how they can help any library digitize collections, improve workflows, and better serve patrons.

"ScannX solutions transform libraries by providing innovative yet affordable digitization solutions. We are showcasing our latest technologies at TLA 2024, including our affordable overhead scanners starting at $2500, and connecting with library professionals from across the state," said Rebecca Dennis, CEO of ScannX.

ScannX book scanning solutions streamline workflows and maximize efficiency. By instantly converting scanned content into digital formats, they eliminate the need for traditional copiers. The entire line of cloud-enhanced scanners, powered by ScannX software, helps libraries provide a convenient and efficient way for patrons and staff to scan, save, and access information. ScannX software crops, deskews, and auto-orients scanned content automatically and sends it to over 25 user selectable destinations.

About TLA

Headquartered in Austin, Texas, the association is governed by a Council made up of voting and non-voting members. The Council meets twice at the TLA Annual Conference and twice at the

Annual Assembly. As the association's policy-making and chief governing body, the Council adopts the annual budget and legislative platform.

About ScannX

ScannX is a leading provider of award-winning document and book scanning solutions, leveraging innovative IoT technology and cloud-based support. With a focus on seamless integration and enhanced accessibility, ScannX empowers libraries to digitize and store content effortlessly, transforming the way information is scanned, stored, and accessed.
