

## Scannx Thermal Printer

### Enable patrons to print on-demand receipts

Our thermal printer is tightly integrated with the Scannx CBA100 Coin and Bill Acceptor, and the MP200 Credit Card Terminal to print account codes and receipts for patron transactions.

#### The Scannx Thermal Printer

This compact, high-speed printer extends the print capability of the Scannx CBA100 Coin and Bill Acceptor, and the MP200 Credit Card Terminal so your patrons can print receipts after paying for their scanner usage. The printer connects to your CBA100 via USB and to the MP200 using Bluetooth.

The printer can be purchased or included at no charge under a CBA100 and/or MP200 revenue share model, so there are no upfront fees for the printer and no minimum monthly fees.

#### KEY FEATURES

- Light weight and portable
- Beautiful shape
- Easy paper-roll installation and maintenance
- Low-power waste, low-run cost (no ink costs)
- Adjustable character amplification, bold text, and line spacing
