

Zeutschel OS 15000 Comfort powered by Scannx®

Scanners never looked better. Neither did your scans.

The Zeutschel OS 15000 Comfort is a multifunctional overhead scanner that provides powerful digitization for sophisticated users who recognize the importance of ease of use, performance, and cost-performance ratio.

Scannx & Zeutschel: A Powerful Pairing

This solution combines the uncompromising quality of the Zeutschel overhead scanners with the intuitive Scannx software. With its large friendly buttons, the Scannx software guides the user through the scan process including choosing file formats, scan quality, color depth, file naming, and destinations. A headset jack also helps visually-impaired patrons through the scanning process, and outputs their scan as an audio file.

The Zeutschel OS 15000 Comfort powered by Scannx offers touch-screen scanning to several destinations, including:

- Article Exchange
- Box
- Dropbox
- Email
- Fax
- Google Drive
- ILLiad
- Mobile devices
- Network folders
- OneDrive
- Printers
- USB Drives

Scannalytics®

The solution is also integrated with Scannalytics, which delivers cloud-based reporting for all of your Scannx devices. This centralized device management tool enables you to track device usage, enable features remotely, push updates, and manage warranty coverage.

Unparalleled Accuracy and Security

Scannx enables users to password protect any scanned document and features an advanced authentication mod-

ule to prevent anonymous emails from being distributed.

The software is also integrated with the ABBYY FineReader Engine for unmatched Optical Character Recognition accuracy. This functionality delivers high-quality output formats including PDF, searchable PDF, Word, MP3 and WAV file formats. ABBYY's multilingual document recognition engine automatically detects English, French, Italian, German, and Spanish languages.

Billing Integration and Support Options

The Scannx software supports selected ITC and Jamex coin and debit card systems, and major credit cards, as

KEY FEATURES
